DISASTER!

San Francisco Wrecked By Earthquake—Great Loss of Life

CITY IS A MASS OF RUINS

Fire Supplements the Work of Seismic Destruction

More Than a Thousand Killed, and Millions Lost in Property

At 10:30 yesterday morning THE LEDGER bulletined the first news of the dreadful disaster which befell San Francisco, and it was hoped that further advices would somewhat modify the apparently extravagant report.

Not so; for, contrary to the general rule, the first news did not compass the full extent of the calamity, as shown by later Associated Press dispatches.

SAN FRANCISCO, April 18th.—This city was practically wrecked by an earthquake at 5:10 o'clock this morning. The shock lasted three minutes, and thousands of buildings were damaged and destroyed. There is no water, and fires are breaking out all over the city. The City Hall, costing \$7,000,000, is in ruins.

The terror and excitement is indescribable. Most people were asleep and ran into the streets undressed. Buildings swayed and crashed, burying the occupants. There was a panic in the downtown hotels. The Lick House is badly damaged, but no loss of life there is reported.

The Palace and St. Francis Hotels stood the shock. The people flocked to the telegraph offices to send messages to friends, and were frantic because there were no wires. The greatest damage to buildings was South of Market street, where mostly frame buildings and tenement houses were located. There were fires in every block in that district.

The loss of life is great—one estimate placing it at 2,000, mostly in the manufacturing and poorer districts.

The property loss will run into the millions. The business section is wrecked, and business practically suspended.

It will be several days before the full extent of the disaster, with the number of its victims, can be ascertained.

At 8:15 a. m. a second shock was felt and people started to rush into the streets. It was of short duration, though it toppled over many buildings, one of which crushed Fire Chief Sullivan.

No definite reports have been received outside of San Francisco, but the damage about the Bay must be enormous. Oakland is said to have suffered severely; between Suisun and Benes three miles of railway track sank out of sight, and Berkeley, the seat of the State University, is said to be burning.

The "quake" was the severest ever known in this country.

Of course, no event could be pulled off successfully without the presence of the "Man from Maysville," and Messrs. J. Fleming Pogue and Harry Miles were due in San Francisco on this occasion.

The first bill car of Robinson's big show will arrive here Monday morning. Circus day is looked forward to with great expectancy by both old and young. Maysville has, since the days of Dan Rice, been looked upon as one of the best circus towns in the state.

Among Maysvillians in San Francisco are Mrs. Matilda Eitel and two daughters, one the wife of Mr. Charles Thompson, formerly Assistant under Postmaster Thomas A. Davis, Messrs. Lee and Elmer Hauke. Mrs. Eitel is the mother of Messrs. John W. and George Eitel.
